

EDUCATION

Central Mindanao University <i>Bachelor of Science in Information Technology</i> <i>Specializes in Software Development</i>	Maramag, Bukidnon 2026
--	---

- **Capstone Project:** BUKTRACK: A Bus Information and Tracking System For Commuters In Bukidnon
 - Designed and developed a commuter- and conductor-facing mobile application with an admin web system that delivers timely bus information, route visibility, and operational transparency by integrating GPS-based tracking concepts, role-based access control, and database-driven reporting to address communication gaps in public transportation.
- **Relevant Coursework:** Software Engineering, Web Systems and Technology, Mobile Application Development, Fundamentals of Database Systems, Integrative Programming and Technologies, Special Topics in Software Development

LEADERSHIP & ORGANIZATION EXPERIENCES

The Blazer 2026 – Official Yearbook Publication of Central Mindanao University College Editor	Mar 2025 - present
---	---------------------------

- Led editorial planning and content execution for the College of Information Sciences and Computing section, ensuring on-time delivery and adherence to university publication standards.
- Reviewed and approved 300+ student profiles, photos, and records, reducing revision cycles and improving data accuracy prior to layout finalization.
- Coordinated directly with senior editors, photographers, and layout teams to deliver publication-ready materials within fixed production timelines.

DEVCON Bukidnon Chapter (Official Chapter of DEVCON Philippines) Aspirant Volunteer	Bukidnon Feb 2025 - present
---	--

- Supported the execution of multiple technology-focused community events by assisting in registration management, session flow coordination, and on-site logistics.
- Collaborated with industry practitioners and volunteers during live events, contributing to smooth program delivery and positive participant experience.

College of Information Sciences and Computing Student Council (CSCo) Vice-Chairperson (Internal)	Musuan, Maramag, Bukidnon July 2024 - June 2025
--	--

- Led and co-led 20+ student-centered programs, including several first-of-their-kind initiatives that expanded academic and professional engagement within the college.
- Oversaw internal operations covering documentation workflows and financial coordination, improving processing turnaround and record consistency.
- Acted as a central coordinator between officers, faculty, and student bodies, enabling more efficient planning and execution of college-wide activities.

College of Information Sciences and Computing Student Council (CSCo) Associate Treasurer	Musuan, Maramag, Bukidnon June 2023 - July 2024
--	--

- Administered and documented a ₱500,000 operating budget supporting programs for 500+ students, ensuring accurate allocation and financial control.
- Planned, budgeted, and reported on 20+ student activities, maintaining full compliance with council financial policies and audit requirements.
- Designed and implemented structured financial documentation procedures that improved transparency, reduced reporting errors, and strengthened audit readiness.
